**Product Name:** 

Training System Position Control

Product Code: ENGLABINGCAG8100009

## **Description:**

Training System Position Control

## **Technical Specification:**

Experimental unit for control engineering experiments

Linear position control of carriage with linear drive and gear motor

Rotary encoder as displacement sensor

Transparent protective cover

2 microswitches to shut down at end positions

Software-based controlled system simulation

Process schematic on front panel

**Technical Data** 

DC motor

Transmission ratio: i=50

Speed: 85min-1 Torque: 200Nmm Travel: max. 300mm

Max. traverse rate: 45mm/s

Scale: 0...300mm

## **Engineering Lab Equipment India**
