Product Name :
Rolling Disc On An Inclined Plane

Product Code :
ENGLABINGCAG8800011

Description :

Rolling Disc On An Inclined Plane

Technical Specification :

Experiments on the law of gravity on an inclined plane and on the angular acceleration of discs
Plane 1000mm, adjustable
Three spirit levels, three alignment bolts
2 rotating discs with self-centering conical pins
l x w x h 1200 x 300 x 280mm

Inclined plane
length: max.1000mm
Inclination angle: max. 7°

Discs
D=100mm, mass: 620g
D=70mm, mass: 320g
Shaft pin diameter: D=10mm each

Engineering Lab Equipment India
