Product Name :
Smoke Release Apparatus

Product Code :
ENGLABINGCAG9000003

Description :

Smoke Release Apparatus

Technical Specification :

Combustion chamber
Specimen holder
Ignition system
Photometric system
Control unit, including smoke meter
PLC integrated safety and control system, 24V DC powered
Independent burner control
Thermocouple type K interlock for main and auxiliary burners
Fan and exhaust damper control
Light-source control 5V DC switch mode power supply
Convection cooling
Various built-in safety measures including over-voltage and over-current protection
Exit Sign software

Benefits

Complete and ready-to-use system
User-friendly operations and control software
Built-in safety measures

Engineering Lab Equipment India
