**Product Name :**  
Flame Spread Apparatus

**Product Code :**  
ENGLABINGCAG9000004

**Description :**

Flame Spread Apparatus

**Technical Specification :**

Stainless steel combustion chamber  
Gas controls and safety flashback device  
Ignition source with fine-adjustment valve  
Specimen holder  
Timer

Measuring principle: Horizontal flammability test  
Operating temperature:  $23 \pm 5^{\circ}\text{C}$ , non-condensing environment  
Bunsen burner tubes diameter: 9.5mm & 10mm supplied  
Cabinet dimensions (interior): Width: 381mm  
Depth: 203mm  
Height: 356mm  
Sample holder: U-shaped frame 50mm wide by 330mm long
