Product Name :
Hydraulic Pressure To Clamp For Sheet Metal Ductility
Testing Machine

Product Code :
ENGLABINGCAG9800003

Description :

Hydraulic Pressure To Clamp For Sheet Metal Ductility Testing Machine

Technical Specification :

Cup drawing Display error: 0.01mm
Max force: 300kN
Clamp force: 300kN
Clamping force relative error: 2%
Test force range: 2%100%
Test force display error: 1%
Displacement resolution: 0.002mm
Stamping stroke: 120mm
Clamp stroke: 40mm
Stamping speed: 130mm/min
Plate maximum width: 200mm
power: 3.7kW/AC380V/50Hz
frame: 930mmx1260mmx1400mm

Engineering Lab Equipment India
