Product Name :
Cabin Pressurization Trainer

Product Code :
ENGLABINGCAG10300008

Description :

Cabin Pressurization Trainer

Technical Specification :

Altitude controlled in vacuum chamber
Pressure monitored in cabin chamber
Operates from 115/ 220 VAC electrical power
24 VDC power supply included
Aircraft components
Differential controller
Rate of climb indicator
Altimeter
Cabin pressure sensor
Vacuum chamber (altitude simulator)
Cabin pressure chamber (cabin simulator)
Regulator (simulates air to cabin)
Cabin dump valve
Regulating valve
