Product Name:

Cabin Pressurization Trainer

Product Code:

ENGLABINGCAG1030000

Description:

Cabin Pressurization Trainer

Technical Specification:

Altitude controlled in vacuum chamber

Pressure monitored in cabin• chamber

Operates from 115/220 VAC electrical power

24 VDC power supply included

Aircraft components

Differential controller

Rate of climb indicator

Altimeter

Cabin pressure sensor

Vacuum chamber (altitude simulator)

Cabin pressure chamber (cabin simulator)

Regulator(simulates air to cabin)

Cabin dump valve

Regulating valve

Engineering Lab Equipment India
