Product Name :
Auto-Trainer Engine Test Stands

Product Code :
ENGLABINGCAG10500002

Description :

Auto-Trainer Engine Test Stands

Technical Specification :

Fault Diagnostics
Idle Speed Adjustment
Engine Operation, Maintenance and Testing

Features of Auto-Trainer Engine Test Stands:
Petrol, LPG or Diesel Engine Variants
Naturally Aspirated or Turbo-charged Engines
Single, in line and V cylinder configuration

Standard Instruments And Controls of Auto-Trainer Engine Test Stands:
The unit incorporates the necessary instruments, which may include some of the following :
Ignition-starter key switch,
Alternator charge warning light,
Manual throttle or rack control,
Tachometer and ammeter,
Oil pressure gauge,
Water temperature gauge,
Pre-start indicator - Diesel
