Product Name :
Biodiesel Engine Program

Product Code :
ENGLABINGCAG11200002

Description :

Biodiesel Engine Program

Technical Specification :

Biodiesel Engine Program contains no petroleum, but it can be blended at any level with petroleum diesel to create a biodiesel blend.

It can be used in compression-ignition (diesel) engines with little or no modifications.

Students can make their own fuel, conduct engine performance and emission measurements.

Biodiesel is simple to use, biodegradable, and essentially free of sulfur and aromatics.

engine test stands are available with or without dynamometers.

The user has the choice to order either an electric of up to 8 HP or a hydraulic closed-loop, up to 600 HP.
