

Product Name :
Oven 220 Liters Forced Ventilation Digital Thermostat

Product Code :
ENGLABINGCAG1130003

Description :

Oven 220 Liters Forced Ventilation Digital Thermostat

Technical Specification :

Forced ventilation airflow
300°C maximum temperature
High temperature (uniformity $\pm 2\%$ and precision $\pm 0.3^\circ\text{C}$) fully compliant with Standards
Air outlet control by valves operated manually
Regulation of fan speed (0-100%)
High quality thermoinsulation material
Double over heat protection system
Low power consumption
Stainless steel chamber and trays with Silicone gasket
PID electronic regulator, double digital display

Power supply: 230V 50-60Hz 1ph (3ph for yy and zz)
Inside dimensions: 730x500x620 mm
Outside dimensions: 930x880x915 mm
Doors: n.1
