

**Product Name :**  
Dynamic Friction In Cylindrical Pin Roller

**Product Code :**  
ENGLABINGCAG1160002

**Description :**

Dynamic Friction In Cylindrical Pin Roller

**Technical Specification :**

Together with the drive unit  
Frictional forces in different friction pairs and loads  
Frictional forces with different lubrication  
Frictional forces at different relative speeds of the friction partners  
Wear under different friction parameters  
Frictional forces between two sliding friction pairs  
Investigation of wear  
Use of different lubricants possible
