

Product Name :
High Volume Sampler

Product Code :
ENGLABINGCAG380002

Description :

High Volume Sampler

Technical Specification :

Blower: Continues duty blower with brushless Motor

Flo Rate: 0.8 to 1.8 m3/min

Particle Size: Down to 1.6 micron depending upon Filter used

Recommended filter: GF/A (8" X 10") for common use, EPM 2000 for Special Research or equivalent

Time Record: 0 to 99999.99 hrs. Time totalizer records the running time in hours

Timer: 24 Hr Programmable timer, number of required intervals can be programmed

Power requirement: 220Volts, Single phase AC
