Product Name:

Soil Sampler Cutter and Extruder

Product Code: ENGLABINGCAG4000031

Description:

Soil Sampler Cutter and Extruder

Technical Specification:

consolidation

shear

triaxial

permeability

other tests

The cutter is genlty (thank to the rack and pinion mechanism) pushed into the soil core and then extruded with the extrusion dolly.

Various circular, cylindrical and square cutters are available from our range, depending on the geotechnical test to be performed.
