

**Product Name :**  
Welding Electrode Drying Oven

**Product Code :**  
ENGLABINGCAG450002

**Description :**

Welding Electrode Drying Oven

**Technical Specification :**

Body: High-quality stainless steel  
Inner chamber size: Approx. 480 MM from all the sides  
No. of Tray: 5  
Temperate toleration capacity: up to 400 Degree Celsius  
Heating material: SS Tubular  
Shape: Square  
Weight: 150 to 250 (Depends on features, capabilities, and durability)  
Thermostat: Digital.
