

Product Name :
Welding Electrode Drying Oven

Product Code :
ENGLABINGCAG450002

Description :

Welding Electrode Drying Oven

Technical Specification :

Body: High-quality stainless steel
Inner chamber size: Approx. 480 MM from all the sides
No. of Tray: 5
Temperate toleration capacity: up to 400 Degree Celsius
Heating material: SS Tubular
Shape: Square
Weight: 150 to 250 (Depends on features, capabilities, and durability)
Thermostat: Digital.
