#### Product Name : Deep Freezer Low Temp. Vertical Me

## Product Code : ENGLABINGCAG4500028

### **Description**:

Deep Freezer Low Temp. Vertical Model

### **Technical Specification :**

Refrigerated low cabinet temperature Better puff insulated avoid cooling loss Silent energy saving compressor Stainless Steel 304 grade polish sheet interior Outer MS/ CRC sheet powder Coated. Optional: Customer requirement steeliness steel body against Outer imported Plastic body on request Bi-Metallic thermostat provide with digital temperature controller cum indicator Front door opening for horizontal model duly puf insulted. **Technical Parameters :** Duty Cycle: Continuous Housing Material: Imported unbreakable plastic sheet or CRC sheet duly powder coated for horizontal model Compressor: Kirloskar/ Tecumseh/ Imported Refrigerant: R 22 and R 134 Interior: Polish sheet steeliness steel 304 grade Temperature Range: Up to -20°C Temperature Stability: +-1°C Power Consumption: Single Phase AC Supply 220/230V AC 50 Hz Optional: Demand plastic body voltage stabilizer
