

**Product Name :**  
Disc Type Wire Gauge

**Product Code :**  
ENGLABINGCAG4500055

**Description :**

Disc Type Wire Gauge

**Technical Specification :**

Wire Gauge is a very handy and day to day usage precise tool to measure thickness of Metal Plate or Dia. of a Wire.

The Wire Gauge can measure from 1 to 36 and hence is most versatile in application.

Made of Hardened and Tempered Steel, which ensures no wear and tear of the gauge during measurements.

The preciseness of the dimensions has made wire gauge a very popular Measuring Tool among Jewellers.
